

COUNTING				
How many?	How many?	How many?	How much?	How many?
7p	5	17	12	11

CALCULATING

Use the number line to find the answer.

$$10 - \begin{array}{|c|c|} \hline \color{red}{\bullet} & \color{red}{\bullet} \\ \hline \color{red}{\bullet} & \color{red}{\bullet} \\ \hline \end{array} = \boxed{5}$$

$$\begin{array}{|c|c|} \hline \color{green}{\bullet} & \color{green}{\bullet} \\ \hline \color{green}{\bullet} & \color{green}{\bullet} \\ \hline \color{green}{\bullet} & \color{green}{\bullet} \\ \hline \end{array} - 3 = \boxed{5}$$

$$\begin{array}{|c|} \hline \color{purple}{\bullet} \\ \hline \color{purple}{\bullet} \\ \hline \color{purple}{\bullet} \\ \hline \color{purple}{\bullet} \\ \hline \color{purple}{\bullet} \\ \hline \end{array} - 1 = \boxed{7}$$

$$7 + \begin{array}{|c|} \hline \color{black}{\bullet} \\ \hline \color{black}{\bullet} \\ \hline \end{array} = \boxed{9}$$

WEIGHT

How much does the cake weigh?

$\boxed{2}$

How much do the grapes weigh?

$\boxed{5}$

Which one is heavier? How did you know?

Grapes. There are more cubes needed to balance the grapes.
